

Hidden Beauty

In Egypt the custom is for Princesses to hide their beauty by covering the lower part of the face with a veil. In America the beauty of many of our women is hidden because of the

weakness and sickness peculiar to the sex. If the Egyptian custom prevailed in this country, many sufferers would be glad to cover their premature wrinkles, their sunken cheeks, their unhealthy complexion, from the eyes of the world with the veil of the Orient.

Bradfield's Female Regulator

brings out a woman's true beauty. It makes her strong and well in those organs upon which her whole general health depends. It corrects all menstrual disorders. It stops the drains of Leucorrhoea. It restores the womb to its proper place. It removes the causes of headache, backache and nervousness. It takes the poor, debilitated, weak, haggard, fading woman and puts her on her feet again, making her face beautiful by making her body well.

Druggists sell it for \$1 a bottle. Send for our free illustrated book for women. The Bradfield Regulator Co., Atlanta, Ga.

The ladies took care to obtain the original DeWitt's Witch Hazel Salve knowing that all the counterfeits are worthless. W. T. Brooks.

Large sun spots, astronomers say, caused the extreme heat this summer, and doctors declare nearly all the prostrations were induced by disorders of the stomach. Good health follows good digestion. Kodol Dyspepsia Cure digests what you eat. If you have indigestion or dyspepsia it will quickly relieve and permanently cure you. W. T. Brooks.

Skin Diseases

When the excretory organs fail to carry off the waste material from the system, there is an abnormal accumulation of effete matter which poisons and clogs the blood, and it becomes sour and acid. This poison is carried through the general circulation to all parts of the body, and upon reaching the skin surface there is a redness and eruption, and by certain peculiarities we recognize Eczema, Tetter, Acne, Salt Rheum, Psoriasis, Erysipelas and many other skin troubles, more or less severe. While the skin is the seat of irritation, the real disease is in the blood. Medicated lotions and powders may allay the itching and burning, but never cure, no matter how long and faithfully continued, and the condition is often aggravated and skin permanently injured by their use.

The disease is more than skin deep; the entire circulation is poisoned.

The many preparations of arsenic, mercury, potash, etc., not only do not cure skin diseases, but soon ruin the digestion and break down the constitution. S. S. S., nature's own remedy, made of roots, herbs and barks, of great purifying and tonical properties, quickly and effectually cures blood and skin troubles, because it goes direct to the root of the disease and stimulates and restores normal, healthy action to the different organs, cleanses and enriches the blood, and thus relieves the system of all poisonous secretions. S. S. S. cures permanently because it leaves none of the original poison in the blood and cause a fresh attack.

Healthy blood is necessary to preserve that clear, smooth skin and beautiful complexion so much desired by all. S. S. S. can be relied upon with certainty to keep the blood in perfect order. It has been curing blood and skin diseases for half a century; no other medicine can show such a record. S. S. S. contains no poisonous minerals—is purely vegetable and harmless. Our medical department is in charge of physicians of large experience in treating blood and skin diseases, who will take pleasure in aiding by their advice and direction all who desire it. Write fully and freely about your case; your letters are held in strictest confidence. We make no charge whatever for this service. Our book on Blood and Skin Diseases will be sent free upon application. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

It is exciting to read about voyages in the direction of the north pole. Is it not, boys? But quite a different thing to be alone on a wrecked vessel, with the icebergs to look at and nothing else except the pitiless waves.

Jack Russell had chosen the seaman's life because, as he used to say, he could not help it. He loved home and he loved his parents, and he always left the biggest part of his heart behind him in dear old England when he had to go away.

During the first few voyages all went well enough. Jack had plenty to tell in the way of yarns, but he had not been in danger of his life.

It was real enough when it did come though, and solitary, helpless, well nigh hopeless, his thoughts traveled

JACK'S RESCUE.

home, and he seemed to live over again in memory his childhood, his boyhood—everything that had happened in the past.

Well, it was all over! Never again should he see the old place, the familiar faces, and with tears rising in his eyes, Jack began to whistle sadly the air we Britishers love, ancient and time worn though it may be, "Home, Sweet Home."

Suddenly he seemed to hear the stroke of oars. Surely it must be mere fancy; who was to know of his peril, who was to come to his rescue in those lonely seas? Speaking thus to himself and trying to face death bravely, Jack went on with the tune, but only for a second.

It was no delusion after all. Round the icebergs came the little boat, manned with the brave fellows who will risk their lives to save another life, and so Jack Russell was rescued, and in due time he could sing by his own fireside "There's no place like home," with parents and brothers and sisters gathering round him.—Chatterbox.

Brave Boys.

The Victoria cross has been won on three occasions by boys—in 1855, during the Crimean campaign, by two young members of the famous naval brigade, and in 1867, when a combined fleet of British, French and Dutch ships made war upon Japan, by a midshipman of the Euryalus. The first of the trio was Edward Daniels, who, when the horses taking an ammunition wagon filled with powder were killed by a shell, rushed out and headed a party which safely brought in the ammunition under a rain of bullets in which it seemed impossible for any one to live. The second act of bravery was performed by a young boatswain, named Sullivan, when the famous Malakoff battery was taken. He took out a flagstaff and placed it on a certain mound which hid a Russian battery from our gunners, having in so doing traversed the enemy's line of fire. On the mound he had to dig a hole for the flagstaff with his fingers and pilasters around it to keep it firm. His coolness so excited the Russians that they all aimed wide, and the man escaped to receive, in addition to the famous cross, the French Legion of Honor. The act which won the Victoria cross for Duncan Boyes, the midshipman of the Euryalus, occurred when the combined fleets landed a contingent of men against the Japs. It was thought, however, that the Britishers alone could successfully tackle the situation, so the French and Dutch were sent back, whereupon a large body of Japanese came into view and made a determined attack. The midshipman, who was carrying the colors with the leading company, rushed ahead for some 20 yards toward the defenses, as though about to attempt their capture single handed. He was called back and severely reprimanded by his captain, but the spirit of daring he had displayed infected the others, and as one man they followed him and soon took the defenses. Boyes' uniform was torn to rags by bullets, as were also the colors he carried, but he himself came out safe and sound, having well earned his reward.—Navy and Army.

Question Answered.

Yes August Flower still has the largest sale of any medicine in the civilized world. Your mothers, and grandmothers, never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Sold by dealers in all civilized countries. oct-27-ly
